SAT VOCABULARY: WORD OF THE WEEK:

• MISSION

- DEFN: purpose; design; goal; calling
- Sentence: Our mission at HMS this week is to work hard and ask for help when needed.

• Academic Reminders/Goals for Week:

- Make sure you are attending PLCs and late-start. This is a non-negotiable. Be on time too. I know mornings are hectic, but make a goal to be present, listen attentively, work collaboratively, and be positive.
- Sign-up outside Mat or my office for observation, help session, etc. We are here to serve you.
- Do you have something that you want to learn or can teach to your colleagues? PD rotations next Friday. Please email me your suggestions. Teamwork!
