Adopted	May 20, 2010
Last Revised	February 20, 2025

#### 2623 - **STUDENT ASSESSMENT**

The School Board, in compliance with law and rules of the State Board of Education, shall implement State Board-approved statewide achievement to assess student achievement and needs in English/language arts, mathematics, social studies, science, and other designated subjects in order to determine the progress of students and to assist them in attaining School Corporation and Indiana Department of Education (IDOE) goals.

Student test scores on statewide assessments may be utilized in making placement decisions; provided, however, a student's score on the state assessment may not be the primary factor or measure used to determine whether a student is eligible for a particular course or program.

Additionally, the Board shall administer any end-of-course exams as may be required by the State Board in grades 9 through 12.

The Board shall comply with the requirements of the State Board of Education in administering the Indiana Reading Evaluation and Determination (IREAD-3) Assessment to students enrolled in grade 2 and grade 3.

A student in grade 2 who is at risk of not being reading proficient as indicated on the IREAD-3 Assessment shall be offered summer school participation in reading remediation. In grade 3, the student will be administered the IREAD-3 Assessment again. A student in grade 3 who is not reading proficient as indicated on the IREAD-3 Assessment shall be offered summer school participation in reading remediation.

The student will be retained in grade 3 if the student has not achieved a passing score on the IREAD-3 Assessment after the student has had an opportunity to retake it in the summer unless:

- A. the student was subject to retention and has been retained in grade 3 for one (1) school year;
- B. the student has an intellectual disability or the student's individualized education program specifies that retention is not appropriate, and the student's case conference committee has determined that promotion to another grade is appropriate;
- C. the student is an English learner who has received services for fewer than two (2) years, and a committee consisting of the student's parent, a building level administrator or designee, a classroom teacher of service, an English learner teacher of record, if one exists, and an English learner Corporation administrator, if one exists, determines that promotion is appropriate based on the implementation of research based instructional practices outlined in the student's individual learning plan;
- D. the student received a score of proficient or above proficient in grade 3 math on Indiana's Learning Evaluation and Assessment Readiness Network (ILEARN);

- E. the student has received intensive intervention as determined by the IDOE in reading for two (2) or more years and was retained more than one (1) time throughout kindergarten, grade 1, or grade 2.

The parent of a student who has been retained in grade 3 pursuant to I.C. 20-32-8.5-2(a)(2)(A) because the student has not achieved a passing score on the IREAD-3 and who would not have been retained for other reasons may appeal the student's retention if the parent believes that one of the following exceptions applies:

- A. the student was subject to retention and has been retained in grade 3 for one (1) school year;
- B. the student has an intellectual disability or the student's individualized education program specifies that retention is not appropriate, and the student's case conference committee has determined that promotion to another grade is appropriate;
- C. the student is an English learner who has received services for fewer than two (2) years and a committee consisting of the parent, a building level administrator or designee, a classroom teacher of service, an English learner teacher of record (if one exists), and an English learner district administrator (if one exists) determines that promotion is appropriate based on the implementation of research based instructional practices outlined in the student's individual learning plan;
- D. the student received a score of proficient or above proficient in grade 3 math on the statewide summative assessment; or
- E. the student has received intensive intervention as determined by the IDOE in reading for two (2) or more years and was retained more than one (1) time throughout kindergarten, grade 1, or grade 2.

The parent must submit the appeal in writing, along with supporting documentation, to the Principal prior to the beginning of the school year in which the student is to be retained. Once received, the Principal will consider the documentation submitted by the parent and issue a determination, in writing, within five (5) business days from receipt of the appeal about whether the student meets one of the criteria in A-E above that exempts the student from retention, which will be provided to the parent via electronic mail (if authorized by the parent), U.S. First Class mail, or hand delivery.

This determination is final, and the Board will not hear appeals from this determination.

The Superintendent shall develop and implement a plan that complies with guidelines established by the IDOE.
