Technology Certifications

Technology certifications received in the technical field can provide additional pay increases beyond the scale above based on the certification's rigor and relevance to the job, determined by the technology director(s) and/or superintendent. The following certifications are currently recognized by the School City of Hobart as valid, industry standard certifications. This list is not necessarily a complete list. Technology employees should discuss certification options with the technology director(s).

- CCNA/CCIE (Cisco Certified Network Associate/Internetwork Expert)
- MCSE/MCSA (Microsoft Certified Systems Engineer/Systems Admin)
- MCITP (Microsoft Certified IT Professional)
- CompTIA A+
- CompTIA Security+
- Google Cloud Certification
