

Indiana Department of Education

Dr. Katie Jenner, Secretary of Education

To: Superintendents, Charter School Administrators, and Non-Public School Administrators

From: Brenda Erbse, Senior Director, Office of School Finance

Date: November 7, 2024

Subject: Final Reimbursement for 2024 Summer School Programs

The Indiana Department of Education (IDOE) has calculated the reimbursement of summer school costs based on the 2024 Summer School Final Cost Reports submitted by eligible school corporations, charter schools, and non-public schools. More than 360 school corporations, charter schools, and non-public schools participated in the summer school program in 2024.

Due to the volume of summer school programs across the state, submitted costs exceeded the state appropriation for reimbursement. In addition, Indiana Code 20-30-7-1 was amended to direct the State Board of Education (SBOE) to give priority reimbursement to summer school costs for second and third grade reading courses. Pending State Board of Education (SBOE) approval of the recommendation to reimburse second and third grade reading courses at 100%, which will be on the November SBOE agenda, the remainder of the costs will be paid at approximately 60.73%. Attached to this memo is a list of reimbursement distribution amounts based on the recommendation to SBOE. The payment for 2024 summer school programs will occur on Wednesday, November 20.
