# TOO GOOD GOES WAY BEYOND DRUG & ALCOHOL PREVENTION

The Too Good program has continuously responded to the most important challenges facing our children. While Too Good remains the largest and most comprehensive anti-drug, alcohol, and violence education program in the world, Too Good is also tackling major problems facing our children including abuse of prescription drugs, bullying, and internet safety through special supplemental curriculum. No other organization offers such comprehensive educational lessons.

## GUESTS INCLUDE:

School Resource Officers (SRO):

- Officer Art Azcona, Liberty Elementary School
- Officer Matthew Bisig, Veterans Elementary School at Mundell
