Re: Alternative Education Distributions and Grant Renewal

Distributions

School corporations that submitted a Full Time Equivalent (FTE) Report for approved Alternative Education programs for the 2020-2021 academic year received their funds on or about Monday, August 30. The school fund numbers for Alternative Education are 3300-3349. The receipt account is 3211.

According to IC 20-20-33-5, the maximum amount that may be granted to a school corporation in a school year is \$750 per FTE. For the 2020-2021 academic year, the FTE amount was the full \$750. Please remember that each school corporation must provide a matching amount of at least one-third of the amount of the state grant to the school corporation.

The next distribution of Alternative Education funds will be in August 2022. The time period covered will be from July 1, 2020, through June 30, 2021. School corporations must have an approved alternative education program in order to submit an FTE Report. Existing alternative education programs must complete their grant renewal by October 29, in order to participate in the Alternative Education program for the 2021-2022 academic year. Information about submitting the grant renewal follows.
